CHILDREN OF AMERICA CHILDCARE CENTER UNDER CONSTRUCTION IN OAKHURST

Pre-enrollment is now underway

OAKHURST, N.J. – Construction has begun on Children of America, a leading childcare provider with innovative early childhood curriculums, located at 1621 State Route 34 in Oakhurst. Now accepting applications for pre-enrollment, the new 9,892 square-foot childcare center will accommodate 183 children from six weeks to 12 years of age. Currently scheduled to open in September, the location is the second in the state.

A special place where learning comes alive and children thrive, Children of America is committed to nurturing each and every child and providing the attention and support needed to help them grow and learn. The new center in Oakhurst will offer a safe and stimulating environment with attentive and responsible caregivers.

“The demographics of Oakhurst and the surrounding communities are a good fit for Children of America which appeals to young, growing families,” said Thad Pryor, Children of America president and CEO. “At Children of America, we offer a well-developed play-oriented curriculum and strive to give every child who enrolls at our centers the educational support needed to begin a successful journey through life.”

Children of America’s proprietary educational curriculums developed by Dr. Vicki Folds, a leading childcare specialist with 35 years experience in the industry, allow students to discover and learn at their own pace. The Oakhurst center will provide specially designed programs for infants, toddlers, preschoolers and school age students with before and after school offerings as well as summer camp.

“Pre-enrollment has begun for our new center and we welcome parents to contact us to learn more about Children of America and the range of educational programming,” said Jim Perretty, company executive vice president and COO. “We look forward to partnering with them to ensure that their child receives the best possible care.”

Those interested in enrolling their child at Children of America should act now as space is limited. To request a pre-enrollment application or for more information about Children of America, call (800) 821-0561 or visit www.childrenofamerica.com.

Children of America is currently expanding in New Jersey. In addition to this new location in Oakhurst, Children of America has a facility under construction in Franklin Township and another already open in Aberdeen.
